Matías Adrián Posadas

Buenos Aires, Argentina.

Web developer | Graphic designer

EXPERIENCE

- **Programming** Frontend web development

My work focus is on web development, with a specialization in the frontend branch.Since the beginning of my career, my professional aspiration has been linked to web design and programming, specifically in the frontend area.

This area not only meets my expectations, but also represents a key point in my development as a professional.

Although I have no previous experience in corporate environments, I have gained valuable knowledge and experience through individual projects that I have developed on my own. These projects, which showcase my skills and capabilities, are available for review in my **portfolio**.

- **Graphic designer**

I have been working as a graphic designer for five years, promoting my services through social media platforms. Once the design objective is established, I proceed to create using design tools such as **Photoshop, Corel Draw, Adobe Illustrator and Canva.**

My graphic design experience covers a wide range of projects, including branding, publications, cards, invitations, banners, presentations and other forms of artwork. This experience has enriched my skills and knowledge in graphic design, strengthening my vision and approach when approaching design projects.

PROGRAMMING

Languages & Tools:
HTML - CSS - Javascript - SASS - Wordpress. I am currently perfecting my javascript skills and learning about **React**, **React Native** + **JQuery**.

EDUCATION

My background in web development is mostly self-taught, gaining knowledge through online resources such as YouTube, Mozilla Developer, Platzi and r/Argentina Programa. Currently, I am dedicated to perfecting my JavaScript skills and learning advanced technologies such as React and Tailwind.

- **Languages**:

English - Level **A2 - B1**

Currently, I am doing a formal training in English language through the **Universidad Nacional del Oeste**, in Buenos Aires, Argentina.

SKILLS

• Teamwork • Creativity • Adaptability to change • Attention to detail.
